Chapter 1: License Activation | अध्याय 1: लाइसेंस सक्रियण

When you open BoutiqueOS for the first time on a new computer, or when your license has expired, the License Activation screen appears before login.

जब आप पहली बार किसी नए कंप्यूटर पर BoutiqueOS खोलते हैं, या लाइसेंस समाप्त हो जाती है, तो login से पहले License Activation स्क्रीन दिखाई देती है।

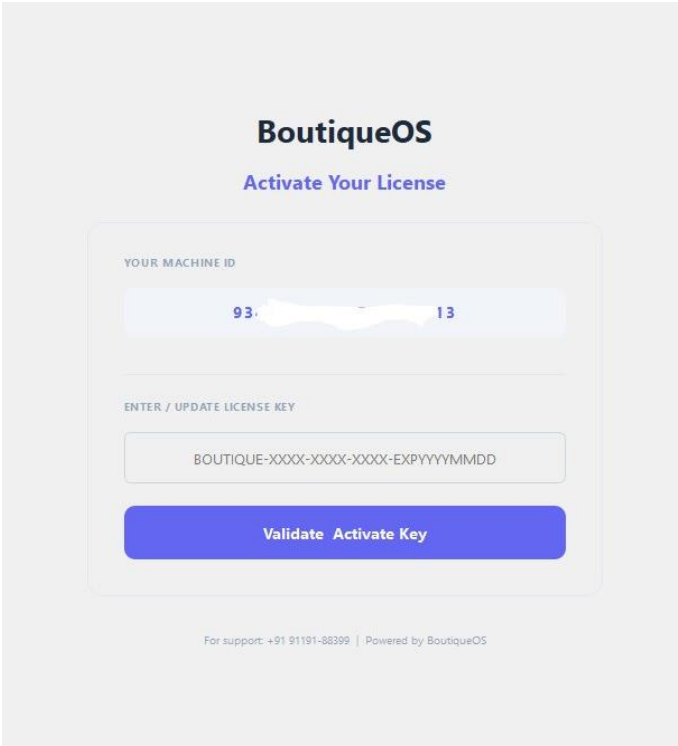

Fig 1.1 — License Activation Screen | लाइसेंस सक्रियण स्क्रीन

1.1 Fields | फ़ील्ड

Field फ़ील्ड	Description विवरण
Your Machine ID आपकी Machine ID	A unique code auto-generated from your computer hardware. Share this with VV InfoTech (+91 91191-88399) to receive your license key. आपके computer के hardware से auto-generate हुआ अनूठा कोड। License key पाने के लिए VV InfoTech (+91 91191-88399) को दें।
Enter / Update License Key License Key फ़ील्ड	Type or paste the key received from VV InfoTech. Format: BOUTIQUE-XXXX-XXXX-XXXX-EXPYYYYMMDD VV InfoTech से मिली key type या paste करें। फॉर्मेट: BOUTIQUE-XXXX-XXXX-XXXX-EXPYYYYMMDD
Validate Activate Key Validate Activate Key	Click after entering the key. On success, login screen opens automatically. Key दर्ज करने के बाद click करें। सफल होने पर login screen automatically खुलेगी।

1.2 Steps | चरण

1. Open BoutiqueOS — License Activation screen appears.
2. Note your Machine ID and share it with VV InfoTech at +91 91191-88399.
3. Receive your license key and paste it into the key field.
4. Click "Validate Activate Key" — on success, login screen opens.

1. BoutiqueOS खोलें – License Activation स्क्रीन दिखेगी।
2. Machine ID note करें और VV InfoTech को +91 91191-88399 पर दें।
3. License key प्राप्त करें और key field में paste करें।
4. "Validate Activate Key" click करें – सफल होने पर login screen खुलेगी।

⚠️ The license key is locked to your Machine ID. It will not work on a different computer. If you change computers, contact support for a new key.

⚠️ लाइसेंस key आपकी Machine ID से जुड़ी है और किसी दूसरे computer पर काम नहीं करेगी। Computer बदलने पर support से नई key लें।

💡 Even if your database is deleted, your license is safely stored in the Windows Registry and restores automatically when you reopen the app — no need to re-enter the key.

💡 Database delete होने पर भी license Windows Registry में सुरक्षित रहती है और App दोबारा खोलने पर automatically restore हो जाती है।

Chapter 2: First Time Setup | अध्याय 2: पहली बार सेटअप

After a valid license is activated, if no admin account exists, the First Time Setup dialog appears automatically.

License activate होने के बाद, यदि कोई admin account नहीं है, तो First Time Setup dialog automatically दिखाई देती है।

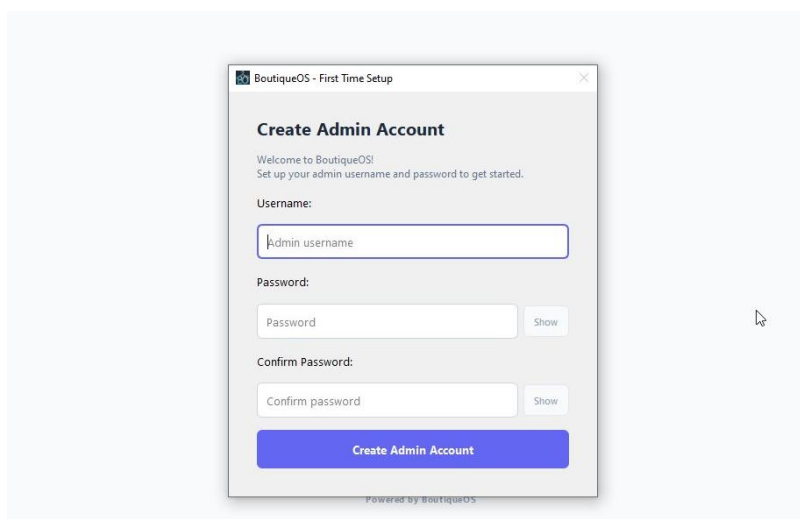

Fig 2.1 — Create Admin Account | Admin Account बनाएं

Field फ़ील्ड	Description विवरण
Username Username	Choose your admin login name (e.g. admin, owner). Cannot be changed later from the UI. Admin login name चुनें (जैसे admin, owner)। बाद में UI से बदला नहीं जा सकता।
Password Password	Set a strong password (minimum 6 characters). Click Show to view while typing. मजबूत password set करें (न्यूनतम 6 अक्षर)। देखने के लिए Show click करें।
Confirm Password Confirm Password	Re-enter same password. Both must match before button is enabled. वही password दोबारा दर्ज करें। बटन enable होने के लिए दोनों match होने चाहिए।

⚠️ Write down your username and password and keep them safe. If forgotten, use Reset Password on the login screen or contact support.

⚠️ Username और password लिखकर सुरक्षित रखें। भूलने पर login screen पर Reset Password use करें या support से संपर्क करें।

Chapter 3: Settings | अध्याय 3: सेटिंग्स

After first time setup, you are taken to the Login screen. Enter your username and password and click Sign In.

First time setup के बाद Login screen दिखाई देती है। Username और password दर्ज करें और Sign In click करें।

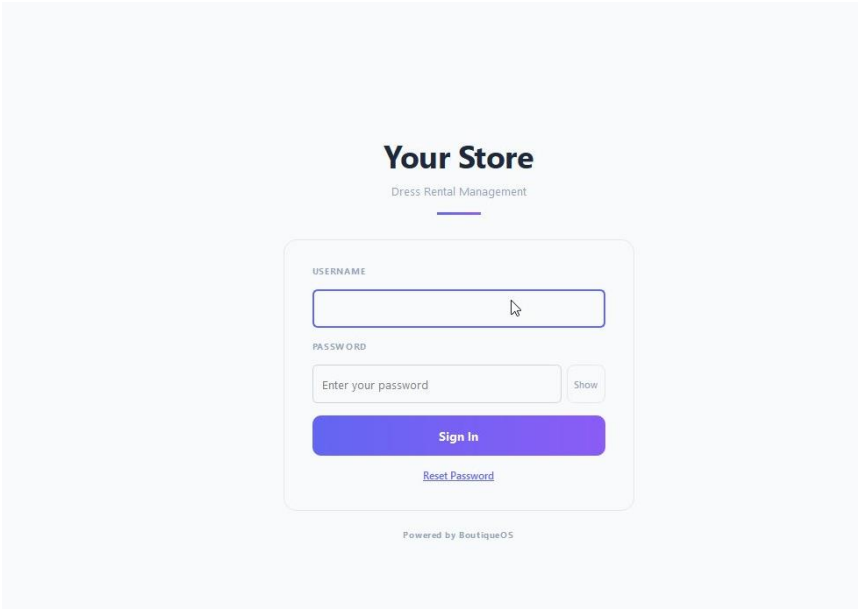

Fig 3.1 — Login Screen | लॉगिन स्क्रीन

Field फ़ील्ड	Description विवरण
Username / Password Username / Password	Enter credentials created during First Time Setup. First Time Setup के दौरान बनाए गए credentials दर्ज करें।
Reset Password Reset Password	Forgot password? Click this link, enter username, new password and confirm. Password भूल गए? Link click करें, username, नया password और confirm दर्ज करें।

After login, go to Settings in the sidebar. Admin users can edit all sections. Configure settings before creating any bookings.

Login के बाद sidebar में Settings पर जाएं। Admin सभी sections edit कर सकते हैं। Bookings बनाने से पहले settings configure करें।

Fig 3.2 — Store Information, Booking Defaults & Dress Size Settings

Field फील्ड	Description विवरण
Store Name Store Name	Your boutique name. Printed at the top of every receipt. आपका boutique name। हर receipt के ऊपर print होता है।
Phone Number Phone Number	Store contact number. Printed on receipts. Store contact number। Receipts पर print होता है।
GST Number GST Number	Your GSTIN. Leave blank if not applicable. आपका GSTIN। लागू नहीं हो तो खाली छोड़ें।
Address Address	Shop address. Printed on receipts below store name. Shop का पता। Store name के नीचे receipt पर print होता है।
Instagram ID Instagram ID	Your Instagram handle (e.g. @yourboutique). Printed on receipts. Instagram handle (जैसे @yourboutique)। Receipts पर print होता है।
Default Booking Days Default Booking Days	Rental days auto-set when creating a new booking. Default is 2. Can be changed per booking. नई booking बनाते समय auto-set rental days। Default 2। हर booking में बदल सकते हैं।
Default Gender (F/M) Default Gender (F/M)	Default gender shown in New Booking form. F=Female, M=Male. Takes effect immediately. New Booking form में default gender। F=महिला, M=पुरुष। तुरंत प्रभावी होता है।
Default Size Type Default Size Type	Free Size: no size tracking. Custom: individual quantities per size. Free Size: कोई size tracking नहीं। Custom: हर size के लिए अलग quantity।
Size Labels Size Labels	Type a size (e.g. 36) and click + Add. Move arrows to reorder. × Remove to delete. These labels appear across all tabs.

Size type करें (जैसे 36) और + Add click करें। Order बदलने के लिए Move arrows। × Remove से delete करें। ये labels सभी tabs में दिखते हैं।

3.2 Receipt Settings + WhatsApp Settings

The screenshot shows the BoutiquesOS Settings interface. On the left is a sidebar with navigation options: Overview, Dashboard, New Booking, Direct Sale, Edit / Payment, Planner, Return Tracker, Dress Care, Expense Manager, Balance Sheet, Settings (highlighted), Inventory, and Logout. The main content area is divided into three sections:

- Dress Size Settings:** Includes a 'Default Size Type' dropdown set to 'Custom' with a 'Save' button. Below is a 'Size Labels' section with a text input field containing 'e.g. S, M, L or 40, 42 or Kids 8y+'. A table lists size labels: 38, 40, 42, and 44. Each label has 'Move' (up/down arrows) and 'Remove' (X icon) buttons. An '+ Add' button is at the top right.
- Receipt Settings:** Includes a 'Paper Size' dropdown set to 'A4'. A text area for 'Terms Conditions' contains 'Return time: 12:00 PM' and 'Damage charge: Rs.200'. A 'Save Receipt Settings' button is at the bottom.
- WhatsApp Settings:** Includes an 'API Key' field (masked with dots), an 'API URL' field with the value 'https://graph.facebook.com/v25.0/991599807379234/messages', and a 'Fallback Mode' dropdown set to 'WhatsApp Desktop'. A 'Save WhatsApp Settings' button is at the bottom. A small note states: 'If API Key and URL are set, WhatsApp messages are sent automatically via API and the receipt PDF is attached. If blank, WhatsApp Desktop app opens with the message pre-filled.'

Fig 3.3 — Receipt Settings & WhatsApp Settings

Field फील्ड	Description विवरण
Terms & Conditions Terms & Conditions	Your store terms printed at the bottom of every receipt (e.g. 'Return time: 12:00 PM. Damage charge: Rs.200'). हर receipt के नीचे print होने वाली शर्तें (जैसे 'वापसी समय: 12:00 PM। क्षति शुल्क: Rs.200')।
API Key API Key	Meta WhatsApp Bearer token. Leave blank to use WhatsApp Desktop/Web fallback. Meta WhatsApp Bearer token। खाली रखने पर WhatsApp Desktop/Web fallback use होगा।
API URL API URL	https://graph.facebook.com/v25.0/{phone_number_id}/messages https://graph.facebook.com/v25.0/{phone_number_id}/messages
Fallback Mode Fallback Mode	WhatsApp Desktop opens desktop app with pre-filled message. WhatsApp Web opens in browser. WhatsApp Desktop: pre-filled message के साथ desktop app खुलता है। WhatsApp Web: browser में खुलता है।

3.3 Password, User Management, Backup & License

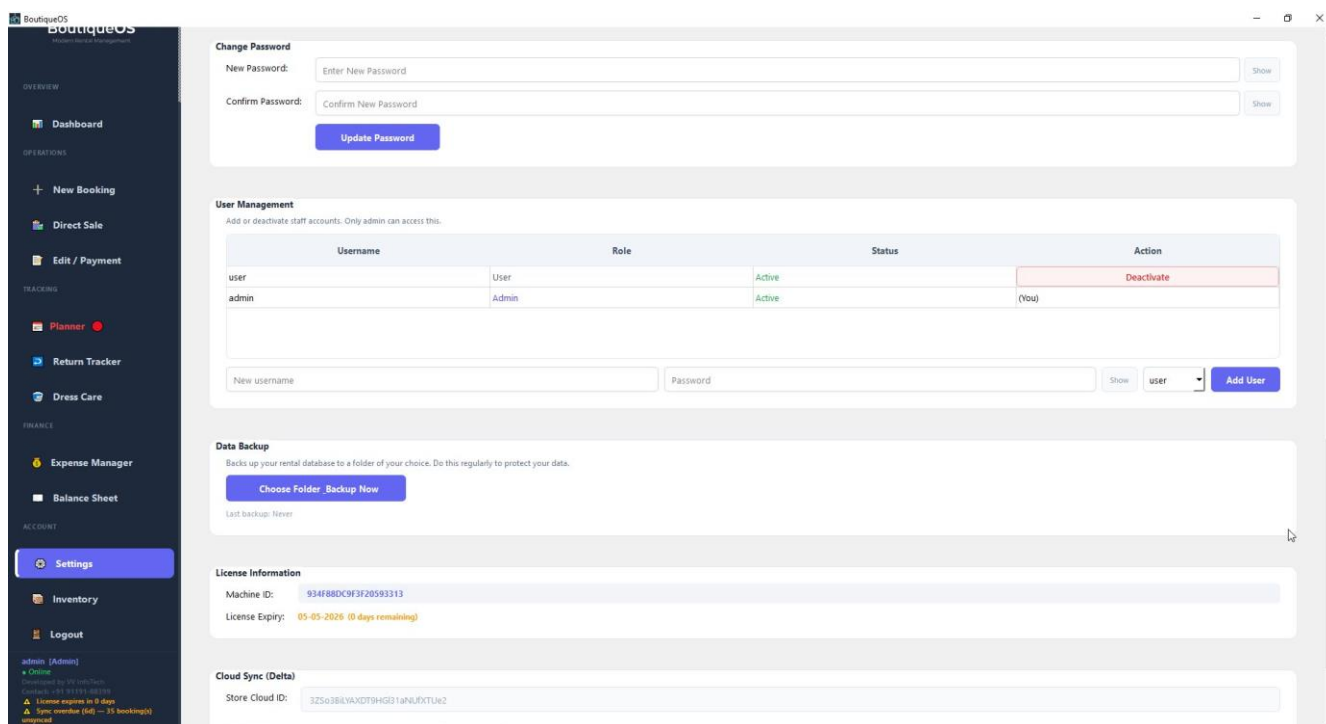

Fig 3.4 — Password, User Management, Data Backup & License

Field फील्ड	Description विवरण
Change Password Password बदलें	Any logged-in user can change their own password here. कोई भी logged-in user यहाँ अपना password बदल सकता है।
User Management User Management	Admin only. Add staff accounts (username + password + role: Admin or User). Deactivate staff accounts. केवल Admin। Staff accounts जोड़ें (username + password + role: Admin या User)। Staff accounts deactivate करें।
Data Backup Data Backup	Click 'Choose Folder _ Backup Now'. Select any folder (USB, cloud folder). Database copies there instantly. Recommended: weekly. 'Choose Folder _ Backup Now' click करें। कोई folder चुनें (USB, cloud)। Database तुरंत copy होगा। अनुशंसित: साप्ताहिक।
Machine ID Machine ID	Your computer's unique identifier. Share with VV InfoTech when requesting a new license key. Computer का अनूठा identifier। नई license key के लिए VV InfoTech को दें।
License Expiry License Expiry	Expiry date and days remaining. Amber warning in sidebar when fewer than 7 days remain. Expiry date और बचे दिन। 7 दिन से कम बचने पर sidebar में amber warning।

3.4 Cloud Sync (Delta) | क्लाउड सिंक

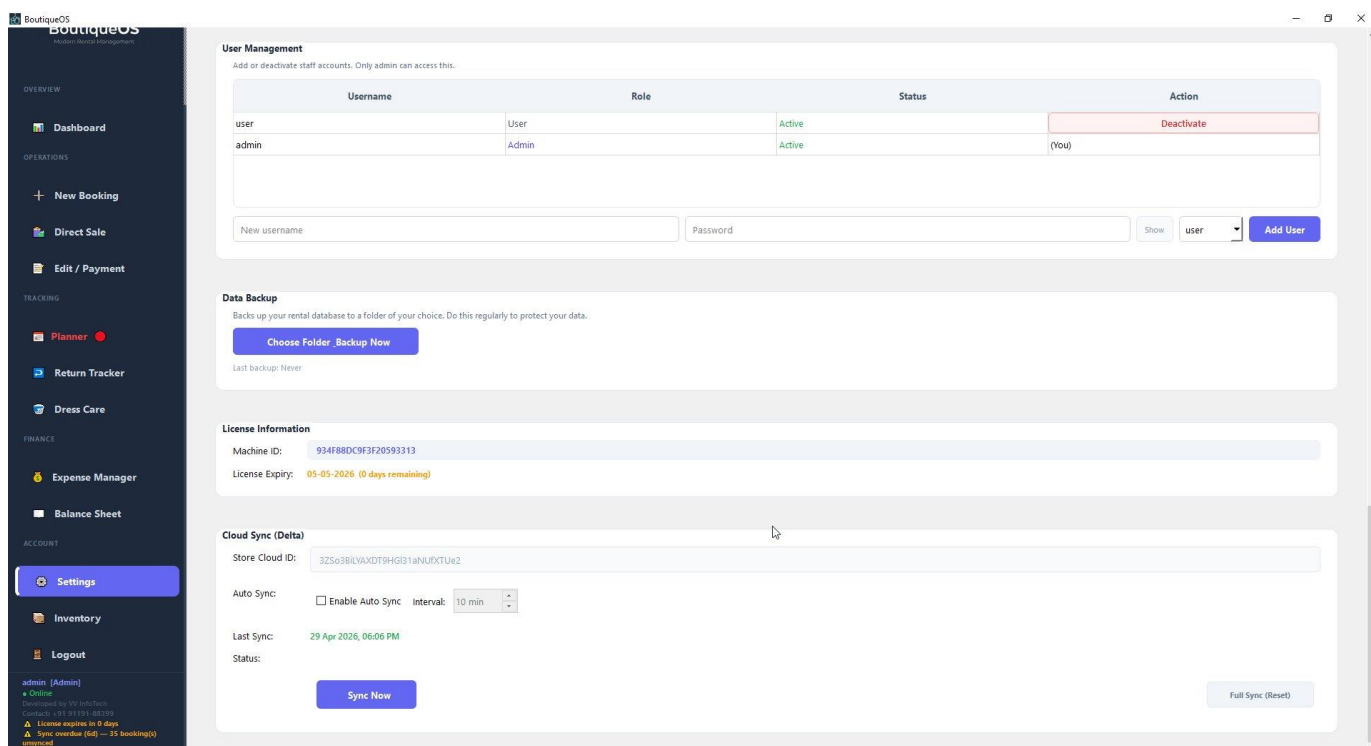

Fig 3.5 — Cloud Sync Settings

Field फ़ील्ड	Description विवरण
Store Cloud ID Store Cloud ID	Unique ID from VV InfoTech linking your store to the cloud web dashboard. Leave blank if not using cloud sync. VV InfoTech से मिला अनूठा ID जो store को cloud web dashboard से जोड़ता है। Cloud sync न हो तो खाली छोड़ें।
Auto Sync Auto Sync	Enable to sync automatically at set intervals (e.g. every 10 minutes). Set intervals पर automatically sync के लिए enable करें (जैसे हर 10 मिनट)।
Sync Now Sync Now	Immediately push all recent changes to cloud. सभी recent changes तुरंत cloud पर push करें।
Full Sync (Reset) Full Sync (Reset)	Admin only. Clears cloud data and re-uploads everything. Use only when cloud data is corrupted. केवल Admin। Cloud data clear करके सब कुछ re-upload करता है। केवल corrupted cloud data पर use करें।

💡 **Sync Warning:** If sync is overdue, an amber warning appears at the bottom of the sidebar: '⚠️ Sync overdue (6d) — 35 booking(s) unsynced'. Go to Settings > Cloud Sync and click Sync Now.

💡 Sync बकाया होने पर sidebar के नीचे amber warning: '⚠️ Sync overdue (6d) — 35 booking(s) unsynced'। Settings > Cloud Sync पर जाएं और Sync Now click करें।

Chapter 4: Inventory | अध्याय 4: इन्वेंटरी

The Inventory tab is where you manage all your dresses — add new dresses, edit details, upload photos, manage size quantities, and update dress status. Always set up your inventory before creating bookings.

Inventory tab में आप सभी dresses manage करते हैं – नई dresses जोड़ें, details edit करें, photos upload करें, size quantities manage करें, और dress status update करें। Bookings बनाने से पहले inventory setup करें।

Customer dress लेने की date। Default आज। Calendar में booked dates लाल रंग में। Return date automatically Pickup + Default Booking Days पर set होती है।
Return Date Return Date	Date dress must be returned. Auto-set to Pickup + Default Booking Days. Can be changed manually. Dress वापस करने की date। Pickup + Default Booking Days पर auto-set। Manually बदली जा सकती है।
+ Add Dress + Add Dress	Adds dress to booking after checking availability. If dress/size is booked for overlapping dates, shows conflict warning. Availability check के बाद dress booking में जोड़ता है। Overlapping dates पर booked होने पर conflict warning।

- ❑ Click any Dress ID (purple/underlined) in the booking table to view the dress photo and size availability. Click the photo to zoom to actual size.
- ❑ Booking table में कोई भी Dress ID (purple/underlined) click करें तो dress photo और size availability देखें। Photo click करके actual size में zoom करें।

5.3 Payment | भुगतान

Field फ़ील्ड	Description विवरण
Apply GST % Apply GST %	Tick and enter % to apply GST. Amount calculated automatically. GST लगाने के लिए tick करें और % दर्ज करें। Amount automatically calculate होगा।
Security Security	Security deposit collected. Shown on receipt. Returned when dress comes back in good condition. लिया गया security deposit। Receipt पर दिखाई देता है। Dress अच्छी स्थिति में return होने पर वापस किया जाता है।
Disc Disc	Discount in Rs. Deducted from subtotal. Rs. में discount। Subtotal से काटा जाता है।
Cash / UPI Cash / UPI	Advance payment received. Balance = Total – Cash – UPI. मिला advance payment। Balance = Total – Cash – UPI।

How to complete a booking | बुकिंग कैसे पूरी करें

5. Fill customer details and measurements.
6. Select each dress, size, pickup and return dates → click + Add Dress.
7. Enter payment details (GST, Security, Discount, Cash, UPI).
8. Click "COMPLETE BOOKING & PRINT" for receipt, or "Send WhatsApp" for confirmation.

5. Customer details और measurements भरें।
6. हर dress, size, pickup और return dates चुनें →+ Add Dress click करें।
7. Payment details दर्ज करें (GST, Security, Discount, Cash, UPI)।
8. "COMPLETE BOOKING & PRINT" receipt के लिए, या "Send WhatsApp" confirmation के लिए।

Chapter 6: Edit / Payment | अध्याय 6: एडिट / भुगतान

Edit / Payment lets you modify any existing booking — change dresses, update dates and sizes, update payment, collect balance, or cancel a booking item.

Edit / Payment किसी भी existing booking को modify करने देता है – dresses बदलें, dates और sizes update करें, payment update करें, balance collect करें, या booking item cancel करें।

Fig 6.1 — Edit / Payment Screen | एडिट / भुगतान स्क्रीन

Field फील्ड	Description विवरण
Booking ID Booking ID	Type the Booking ID (e.g. BOS0035) and click 'Load Booking'. Find the ID in the Dashboard. Booking ID (जैसे BOS0035) type करें और 'Load Booking' click करें। ID Dashboard में मिलती है।
Customer Details Customer Details	Name, phone, gender, measurements, notes and address — all editable after loading. Name, phone, gender, measurements, notes और address – load होने के बाद सभी editable।
Update Dress To Update Dress To	Change to a different dress if needed. जरूरत हो तो अलग dress में बदलें।
Size Size	Change size. Shows available qty per size minus sold units. Current size always shown even if sold out. Size बदलें। Sold units घटाकर per size available qty दिखाता है। Sold out होने पर भी current size दिखाई देती है।
Update Pickup/Return	Change pickup and return dates. Calendar shows existing bookings in red.

Update Pickup/Return	Pickup और return dates बदलें। Calendar में existing bookings लाल रंग में।
Check Check	Verify availability for new dates/size. Shows 'Available ✓(2/3)' or 'Occupied ✗'. Must show Available before saving. नई dates/size के लिए availability verify करें। 'Available ✓(2/3)' या 'Occupied ✗' दिखाता है। Save से पहले Available दिखना चाहिए।
Status Status	ACTIVE / RETURNED / CANCELLED / Sold. When CANCELLED, a Cancellation Charge field appears — enter the amount charged to customer. ACTIVE / RETURNED / CANCELLED / Sold। CANCELLED होने पर Cancellation Charge field दिखाई देता है – customer से charge की गई amount दर्ज करें।
Price (Booked/New) Price (Booked/New)	Original booked price (read-only) and updated price. Price changes update the total automatically. Original booked price (read-only) और updated price। Price बदलने पर total automatically update होता है।
Cash/UPI Advance Cash/UPI Advance	Update with total collected including any new payment at time of edit. Edit के समय नए payment सहित total collected update करें।
Security Deposit/Refunded Security Deposit/Refunded	Update security fields when refunding deposit at return. Return पर deposit वापस करते समय security fields update करें।
SAVE & UPDATE SAVE & UPDATE	Saves all changes. Disabled if any item shows 'Occupied ✗' in Check column. सभी changes save करता है। किसी item में Check column में 'Occupied ✗' होने पर disabled रहता है।
Send WhatsApp Send WhatsApp	Sends updated booking confirmation to customer. Customer को updated booking confirmation भेजता है।

Chapter 7: Direct Sale | अध्याय 7: डायरेक्ट सेल

Use Direct Sale when a customer buys a dress permanently (not renting). Once completed, the dress quantity is reduced. When all units of all sizes are sold, the dress is marked Sold in inventory.

Direct Sale का use तब करें जब customer dress permanently खरीदे (rental नहीं)। पूरा होने पर dress quantity कम होती है। सभी sizes की सभी units sell होने पर dress inventory में Sold mark होती है।

Fig 7.1 — Direct Sale Screen | डायरेक्ट सेल स्क्रीन

Field फील्ड	Description विवरण
Full Name / Phone / Gender / Address Customer Details	Customer details for receipt and WhatsApp confirmation. Receipt और WhatsApp confirmation के लिए customer details।
Measurements (Optional) Measurements (वैकल्पिक)	If alteration is needed before delivery. Same fields as New Booking. Delivery से पहले alteration की जरूरत हो तो। New Booking जैसे ही fields।
Dress Dress	Search and select dress to sell. Only 'for sale' dresses appear here. Sell के लिए dress search और select करें। केवल 'for sale' dresses दिखती हैं।
Size Size	Select size. Shows remaining available units after deducting sold. Size select करें। Sold घटाने के बाद remaining available units दिखाता है।

Price Price	Auto-filled from inventory. Can be edited. Inventory से auto-fill। Edit किया जा सकता है।
+ Add Item + Add Item	Adds dress to sale list. Dress को sale list में जोड़ता है।
Payment GST Payment GST	Apply GST, Discount, Cash and UPI. Balance shows remaining due. GST, Discount, Cash और UPI। Balance remaining due दिखाता है।
COMPLETE SALE & UPDATE INVENTORY COMPLETE SALE	Finalises the sale, prints receipt, and updates inventory stock. Sale finalise करता है, receipt print करता है, और inventory stock update करता है।

- ☐ A sale is permanent. The dress quantity reduces immediately. The dress is marked 'Sold' in inventory only when ALL quantities of ALL sizes are exhausted.
- ☐ Sale permanent है। Dress quantity तुरंत कम होती है। Dress 'Sold' तब mark होती है जब सभी sizes की सभी quantities exhaust हो जाती हैं।

Chapter 8: Planner | अध्याय 8: प्लानर

The Planner shows which dresses are going out on a selected date and the next day. It helps tailors and delivery staff prepare garments on time.

Planner दिखाता है कि selected date और अगले दिन कौन सी dresses जानी हैं। Tailors और delivery staff को garments समय पर तैयार करने में मदद करता है।

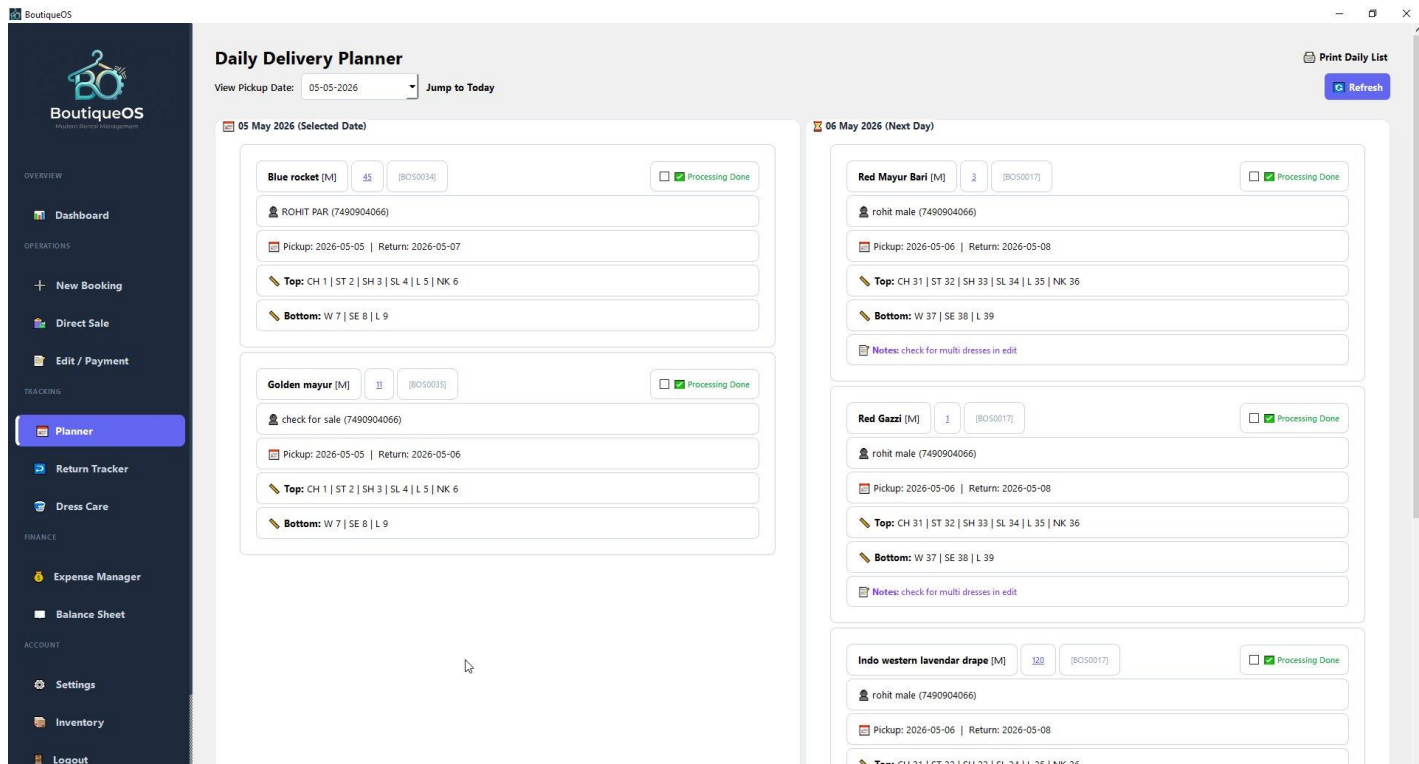

Fig 8.1 — Daily Delivery Planner | डेली डिलीवरी प्लानर

Field फील्ड	Description विवरण
View Pickup Date View Pickup Date	Select any date to see its delivery schedule. Defaults to today. किसी भी date का delivery schedule देखने के लिए select करें। Default आज।
Jump to Today Jump to Today	Returns date picker to today instantly. Date picker को instantly आज पर वापस लाता है।
☐ Red Dot (Sidebar) ☐ Red Dot (Sidebar)	Appears next to Planner when there are pickups due today. Disappears after visiting the tab. आज pickups होने पर Planner के पास दिखाई देता है। Tab visit करने पर disappear होता है।
Red Calendar Dates	Dates highlighted red on the calendar = at least one pickup scheduled that day. Calendar पर लाल dates = उस दिन कम से कम एक pickup scheduled।

Red Calendar Dates	
Left Panel Left Panel	Selected Date — all pickups due on chosen date. Selected Date – चुनी date के सभी pickups।
Right Panel Right Panel	Next Day — next day's pickups for advance preparation. Next Day – advance preparation के लिए अगले दिन के pickups।
Each Card Shows हर Card में	Dress name + gender [M/F], Dress ID (clickable for photo), Size pill, Booking ID, Customer name + phone, Pickup & Return dates, Measurements, Notes in purple. Dress name + gender [M/F], Dress ID (photo के लिए clickable), Size pill, Booking ID, Customer name + phone, Pickup & Return dates, Measurements, Purple रंग में Notes।

The table scrolls horizontally to show all columns. Key columns:

Table सभी columns दिखाने के लिए horizontally scroll होती है। मुख्य columns:

Field फ़ील्ड	Description विवरण
ID ID	Booking ID (e.g. BOS0035). Use this in Edit/Payment to load the booking. Booking ID (जैसे BOS0035)। Edit/Payment में booking load करने के लिए use करें।
Dress Name Dress Name	Name of the dress booked. Book की गई dress का नाम।
Size Size	The size booked for this item. इस item के लिए book की गई size।
Dress ID Dress ID	Clickable (purple/underlined). Click to view dress photo, size availability popup with the booked size highlighted. Clickable (purple/underlined)। Click करने पर dress photo और size availability popup – booked size highlighted।
Status Status	ACTIVE / RETURNED / CANCELLED / Sold. ACTIVE / RETURNED / CANCELLED / Sold।
Grand Total / Adv / Balance Grand Total / Adv / Balance	Financial summary per booking item. हर booking item का financial summary।
Chest / Waist / Measurements Measurements	All stored measurements visible in extended columns. Extended columns में सभी stored measurements visible।
Booked By Booked By	Staff member who created the booking. Booking बनाने वाला staff member।
Updated At Updated At	Timestamp of last edit/update to this booking. इस booking की last edit/update का timestamp।

Chapter 12: Expense Manager | अध्याय 12: खर्च प्रबंधक

Expense Manager records all business expenses — rent, staff salary, dry clean charges, electricity, etc. These are used by the Balance Sheet to calculate Net Earnings.

Expense Manager सभी business expenses record करता है — rent, staff salary, dry clean charges, electricity आदि। Balance Sheet Net Earnings calculate करने के लिए इन्हें use करती है।

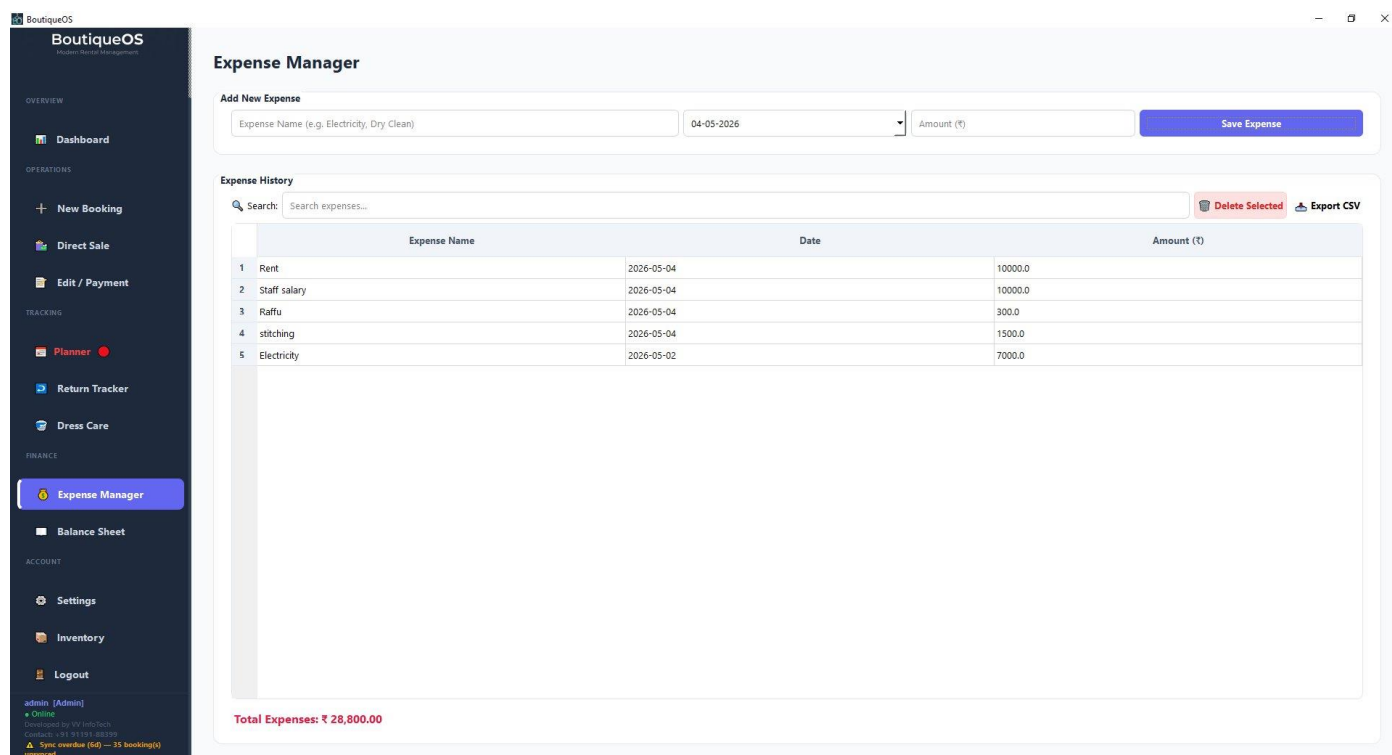

Fig 12.1 — Expense Manager | खर्च प्रबंधक

12.1 Adding an Expense | खर्च जोड़ना

Field फील्ड	Description विवरण
Expense Name Expense Name	Description of the expense (e.g. Rent, Staff salary, Electricity, Raffu, Stitching). Expense का description (जैसे Rent, Staff salary, Electricity, Raffu, Stitching)।
Date Date	Date of the expense. Defaults to today. Expense की date। Default आज।
Amount (₹) Amount (₹)	Amount spent in Rupees. Rs. में खर्च की गई amount।
Save Expense Save Expense	Adds the expense to the list immediately. Expense को तुरंत list में जोड़ता है।

12.2 Expense History | खर्च इतिहास

Field फ़ील्ड	Description विवरण
Search Search	Search expenses by name. Name से expenses search करें।
Delete Selected Delete Selected	Select rows using checkboxes and click to delete. Use carefully. Checkboxes से rows select करें और delete click करें। सावधानी से use करें।
Export CSV Export CSV	Downloads all expenses as a CSV file. सभी expenses को CSV file के रूप में download करें।
Total Expenses Total Expenses	Sum of all expenses shown — displayed in green at the bottom. दिखाए जाने वाले सभी expenses का योग — नीचे green रंग में।

- Record expenses regularly (daily or weekly). The more complete your expense data, the more accurate your Balance Sheet Net Earnings figure will be.
- Regularly expenses record करें (daily या weekly)। Expense data जितना पूरा होगा, Balance Sheet की Net Earnings उतनी accurate होगी।

Chapter 13: Balance Sheet | अध्याय 13: बैलेंस शीट

Balance Sheet gives you a financial overview for any date range — total revenue, collected amount, pending balance, expenses and net earnings. Use the From and To date pickers and click Refresh.

Balance Sheet किसी भी date range के लिए financial overview देती है – total revenue, collected amount, pending balance, expenses और net earnings। From और To date pickers use करें और Refresh click करें।

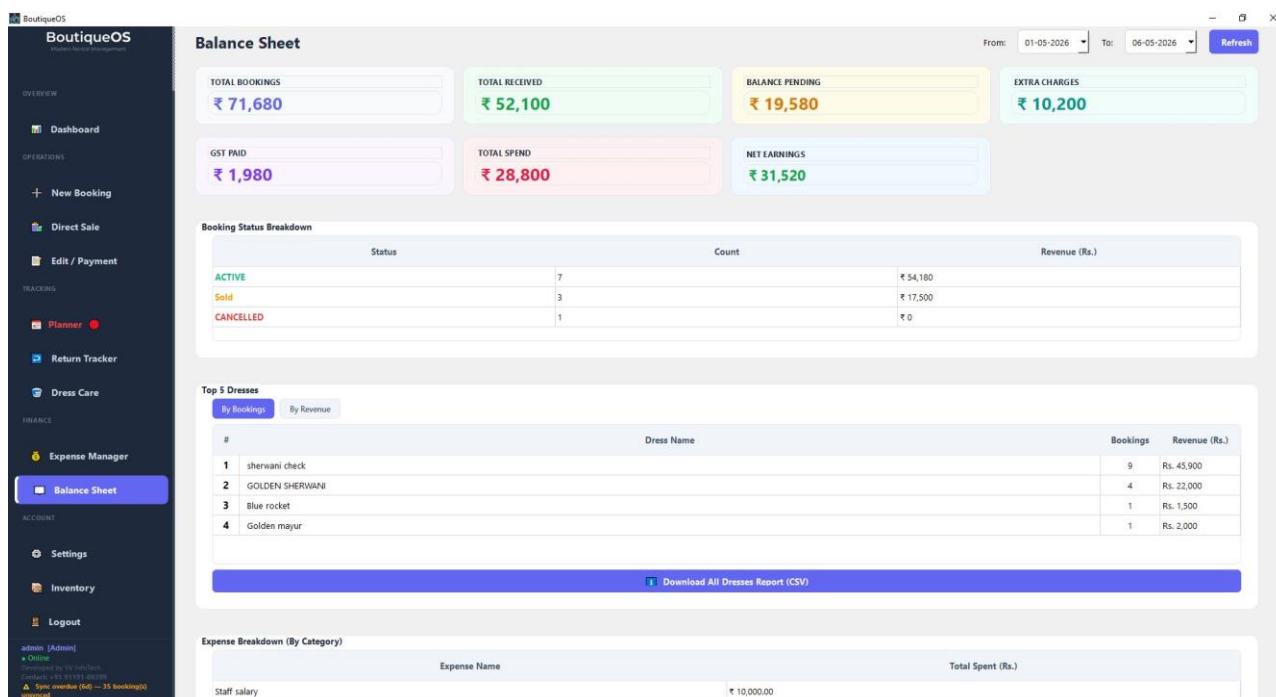

Fig 13.1 — Balance Sheet | बैलेंस शीट

13.1 Summary Cards | सारांश कार्ड

Field फील्ड	Description विवरण
Total Bookings Total Bookings	Sum of all grand totals for bookings in the selected date range. Selected date range में सभी bookings के grand totals का योग।
Total Received Total Received	Total advance + balance already collected from customers. Customers से पहले से collected total advance + balance।
Balance Pending Balance Pending	Total amount still outstanding from customers. Customers से अभी बाकी total amount।
Extra Charges Extra Charges	Additional amounts collected from customers at return (damage, stain removal etc.). Return पर customers से collect किए गए additional amounts (damage, stain removal आदि)।

GST Paid GST Paid	Total GST collected across all bookings in the period. Period में सभी bookings में collect किया गया total GST।
Total Spend Total Spend	Total expenses recorded in Expense Manager for the period. Period के लिए Expense Manager में recorded total expenses।
Net Earnings Net Earnings	Total Received + Extra Charges – Total Spend. Your actual profit for the period. Total Received + Extra Charges – Total Spend। Period का actual profit।

13.2 Booking Status Breakdown | स्टेटस विश्लेषण

Shows count and revenue for each status: ACTIVE, RETURNED, Sold, CANCELLED — helping you understand your booking mix.

हर status के लिए count और revenue दिखाता है: ACTIVE, RETURNED, Sold, CANCELLED — booking mix समझने में मदद करता है।

13.3 Top 5 Dresses | टॉप 5 ड्रेसेस

Field फील्ड	Description विवरण
By Bookings By Bookings	Top 5 dresses ranked by number of bookings. Shows which dresses are most popular. Bookings की संख्या से ranked top 5 dresses। दिखाता है कि कौन सी dresses सबसे popular हैं।
By Revenue By Revenue	Top 5 dresses ranked by total revenue generated. Generated total revenue से ranked top 5 dresses।
Download All Dresses Report (CSV) Download All Dresses Report	Downloads a complete revenue report for every dress in inventory. Inventory की हर dress के लिए complete revenue report download करें।

13.4 Expense Breakdown | खर्च विश्लेषण

Shows total spent per expense category for the selected period. Helps you identify your biggest costs.

Selected period के लिए हर expense category पर total खर्च दिखाता है। सबसे बड़े costs identify करने में मदद करता है।

- Run the Balance Sheet at the end of every month. Export the Dresses Report CSV to see which dresses earned the most and plan your inventory accordingly.
- हर महीने के अंत में Balance Sheet run करें। Dresses Report CSV export करें यह देखने के लिए कि किन dresses ने सबसे अधिक कमाया और उसके अनुसार inventory plan करें।

Chapter 14: Logout | अध्याय 14: लॉगआउट

Click Logout at the bottom of the sidebar to end your session. BoutiqueOS returns to the Login screen.

Session समाप्त करने के लिए sidebar के नीचे Logout पर click करें। BoutiqueOS Login screen पर वापस आ जाएगा।

Field फ़ील्ड	Description विवरण
Logout Logout	Ends the current session and returns to the Login screen. All unsaved data in forms is lost — save your work before logging out. Current session समाप्त करता है और Login screen पर वापस लाता है। Forms में unsaved data खो जाएगा — logout से पहले काम save करें।
Who is logged in? कौन logged in है?	The sidebar footer shows the logged-in username, role [Admin/User], and online status (green dot = online). Sidebar footer logged-in username, role [Admin/User], और online status दिखाता है (green dot = online)।

- The sidebar always shows the currently logged-in user at the bottom. If a staff member forgets to logout, go to Settings > User Management and deactivate their account.
- Sidebar हमेशा नीचे currently logged-in user दिखाता है। Staff member logout करना भूल जाए तो Settings > User Management में जाएं और उनका account deactivate करें।

- Always log out when leaving the computer unattended — especially at end of day — to prevent unauthorised access to your booking data.
- Computer unattended छोड़ते समय — विशेषकर दिन के अंत में — हमेशा logout करें ताकि booking data का unauthorised access न हो।
